LANGSTON UNIVERSITY, LANGSTON, OKLAHOMA, SEPTEMBER 1967

NUMBER 6

Reprinted from the Tulsa Daily World, Sept. 2, 1967

Use Of Langston Grads Urged

Gov. Dewey Bartlett Friday urged Tulsa business and industrial leaders to "keep in mind Langston University when you see a vacancy in your organization."

Bartlett said Langston is playing a "very, very important role" in the task of upgrading Oklahoma's labor force and he called on employers to hire qualified Negro graduates.

"There is nothing more frustrating than to be trained and not given the opportunity to produce," Bartlett said.

The governor spoke at a luncheon in the Mayo Hotel where almost 100 Tulsa businessmen gathered to consider ways of helping Langston.

Improvement Stressed

Bartlett discussed equal employment and improving the labor force through education and training.

He said Oklahoma has been fortunate that racial disturbance has not erupted here.

But he said, "We must be cognizant and aware of the circumstances that led to riots (in other major cities). Perhaps the one thing that caused this was the lack of employment opportunities."

"We have lost some of our most productive people to other states. You are the key to full utilization of education products in Oklahoma."

Building Program

Dr. William Hale, president of Langston University, said the school is involved in a \$6 million building program and expect "great progress" in the next five years.

"But the real test is the product," he said. "The physical plant is important only insofar as it contributes to the real job, which is teaching and learning. The program is the important thing."

Langston is a predominately Negro university but about one-fourth of the faculty members are white.

This year, enrollment is expected to reach 1,400, a few of which will be white students.

Enrollment Grows

"In 1960, the big comment was that there is no need for the university because of integration," he said. "But that year, we had 600 students. Last year we had 1,300."

"Langston is not, and has never been, a school to attract the

'well-to-do.' But without it, a lot of people -- including myself -- would never have had a shot at (higher) education."

He said that because the university has to compete with the "giants" in hiring faculty, "we have to grow our own."

Last year, five instructors were granted leave -- with full pay -- to work on doctoral degrees and "we'll do the same this year."

This was made possible by federal grants under Title 3 of the Higher Education Act.

Hale said employment opportunities for Langston students and graduates have increased sharply during the past few years.

"We have seen a miracle of cooperation," he said. "It is no longer a burden to help our students find work during the summer."

"I have great faith in our state, our people. We don't have the dreadful hangover from the past that some states have. All we have to do is roll up our sleeves and go to work."

Dean A. McGee, chairman of the board of Kerr-McGee Oil Industries, explained Kerr-McGee's petroleum marketing scholarship program at Langston and said it will be broadened in the future.

Four-year scholarships are offered to students, who pursue

a degree in business administration and receive special training in petroleum marketing at the owner or management level.

In the past three years, 26 students have received the grants.

"It is not required that they work for Kerr-McGee when they graduate," he said. "We have graduated three scholars and one of them works for a bank in Kansas City; one of them is with the Internal Revenue Service in California, and one is with the Atomic Energy Commission in New Mexico."

"There are a lot of ways business can contribute to education of students at Langston."

Herman E. Duncan

A & M Board Gets New Member

Herman E. Duncan is the newest member to be appointed to the Board of Regents for Oklahoma A & M Colleges.

Duncan's appointment by Governor Dewey Bartlett marks the first time that a Negro has been assigned this distinction. He will succeed O.L. Lackey of Okmulgee a member of the A & M Regents since 1945 and the only Oklahoman to serve that long. The term of the retired Okmulgee merchant and farmer had expired.

Duncan received his B.A. degree from Langston University in 1954. He served as principal of the Oktaha Public School for 20 years and the Dunbar School for seven years before going to Sadler Junior High School.

He is treasurer of the Muskogee Education Association, and a member of the Oklahoma Education Association, Oklahoma Secondary Principals Association and the National Secondary Principals Association.

He is also a 32d Degree Mason and a member of the Board of Deacons of Antioch Baptist Church, a member of Muskogee County Local Draft Board No. 51, a director of the Muskogee Chapter of the American Red Cross and a member of the executive committee of the area council for the Boy Scouts of America.

FACULTY MEMBERS STUDY TOWARD DOCTORATE

Langston - President William H. Hale has announced that five Langston University faculty members have been granted leaves for the 1967-68 academic year to study toward the Doctorate as part of the Institution's plan for faculty enrichment. Financed in part from grant funds under Title III of the Higher Education Act, ten faculty members have received such grants, as five other faculty members

were on similar leaves during the last academic year.

Faculty members granted leaves this year are: Richmond Kinnard, Director, Division of Applied Sciences; Mrs. Almeda Parker, Business Administration

Department; Mrs. Zella B. Patterson, Chairman, Home Economics Department; Mrs. Elwyn Breaux, Chairman, English Department; Mrs. Jean B. Manning, English Department.

LU Plans Homecoming Week

"Creating an Advanced Learning Environment" is the theme for Homecoming 1967 scheduled for October 15-21. Festal and sundry activities have been planned to delight "homecomers."

Special worship services have been planned for Sunday morning, October 15. Speaker for the occasion will be The Reverend W.T. Gilmore, Pastor of Central Baptist Church, Chandler.

On Monday evening at seven-thirty, a company of ten--including Broadway and television stars Levern Hutcherson and Lucia Hawkins-- will appear in the stage play "Lost in the Stars," an adaptation from Alan Paton's best seller CRY THE BELOVED COUNTRY.

OFFICERS OF THE STUDENT GOVERNMENT ASSOCIATION FOR 1967-68 pictured during installation ceremony. Left to right: Jerry Brent Driver, President; Rosalyn Luster, Corresponding Secretary; Cleeta Powell, Recording Secretary; Jesse B. Thompson, Treasurer; Willie Clark, Counselman-at-Large; and Melvin O. McClellan, Vice President.

LU Enrollment Up! Up! Up!

The Office of Records and Admissions has released information that this year's enrollment is expected to top last year's 1,287.

Students are still in the process of enrolling trying to beat the deadline date--Friday, September 22, 1967.

Last year's enrollment was the highest in the school's history. The second highest occurred in 1938-39 when enrollment was 1,201.

This year's freshman class is also expected to top last year's enrollment of 458--which also marked the highest in the school's history.

University's Education Plant Offers Enrichment

"The true importance of a college or university is not to be seen in the elegance of its physical plant but must be evaluated in terms of what it does with, to and for the students who enter its portals for guidance and instruction and hopefully the fullest development of their potentialities."

These are the words of Dr. William H. Hale, President of Langston University, who expressed himself as being less interested in the \$6 million improvement of the University's physical plant now in progress than in the institution's program of higher education.

"The University has received national acclaim or a 'Greenhouse' for the intellectually undernourished because we recognize that many of our students come with gaps in their background of experiences. It is our job to try and assist them in moving from where they are to where they ought to be." Hale pointed out that in its 1966 policy statement on Goals for Okla-

homa Higher Education, The Oklahoma State Regents for Higher Education recognized the unique and important contribution Langston is making. The Regents, Oklahoma's Coordinating Board of Control for the State's System of Higher Education, urged the continued development of Langston University as "an institution of higher learning vitally concerned with meeting the needs of Oklahoma's economically and culturally disadvantaged youth who have both the potential and the desire to obtain a college education."

Langston's ever-increasing building program will continue through the 1967-68 term.

A \$2.5 million academic facilities project is now under construction.

Architectural plans and specifications are now being drawn for a \$3.2 million apartments and residence halls project.

A \$46,000 Intramural facilities improvement project is now under construction.

Facilities Expanded by \$6 Million Building Project

Mr. John W. Gaffney, Business Manager, and President William H. Hale study blueprints at the site of construction of Science and Technology Building.

Coyle, Langston Plan Water System Voting

Bulletin

At the Gazette Press time it was learned that the water proposal for Langston University, and the towns of Coyle and Langston was defeated. The voting was as follows:

	YES	NO
Langston	115	3
Coyle	35	105

MUSIC HALL - Annexed to L.W. Young Auditorium

Signs indicating names of buildings are being put up around the campus. They were given by the Oklahoma Federated Club Women under the leadership of Mrs. E. Gorman of Wewoka, Oklahoma.

A special election in September was called for the Towns of Coyle and Langston during a joint meeting of the two town councils, State Representatives, financial advisors and Farmers Home Demonstration officials.

The election, scheduled for Tuesday, September 26, will offer citizens of the two Logan County communities an opportunity to voice their opinion on a new water system for the two towns and nearby Langston University.

Financing the new water system will be a grant from the Department of Housing and Urban Development to the University, FHA grants and loans to Coyle and Langston, and Oklahoma College Broad of Regents participation.

The entire project is expected to cost \$1,375,770. HUD has approved a grant of \$347,300 to the University and FHA grants to the communities total \$128,990 to Coyle and \$155,380 to Langston.

Coyle voters will decide during the election to accept a FHA loan of \$130,000 and Langston citizens will decide on a \$157,000 loan.

The water system involves construction of a dam and spillway one mile south of the University to impound the water of Fitzgerald Creek, a water treatment plant, a 300,000 gallon elevated storage tank and improvement of the water distribution systems for the two towns and the University.

An engineer of the project, Rex Collins of Stillwater, told members of the councils "I feel the amount of growth (caused by the new system) should give you no trouble in meeting your payments."

Numerous comments from the state and federal representatives indicated the main purpose of the new system was growth, both in the communities and the university.

Harold Long, County Supervisor for Payne and Lincoln County for FHA, related comparative costs of communities in his area utilizing about the same type water system with Coyle and Langston and said "yours (water rates) would be comparable or even lower than those in neighboring cities."

It is estimated that the university will use some 58 per cent of the water; Coyle expects to use about 21 per cent and Langston about 21 per cent.

Coyle presently has a water well system and users, about 130, are now paying a flat water rate of \$3 a month. Under the new system, if accepted by voters, the rates will raise to about a \$5.50 minimum per month. Residents of Coyle are also paying \$2.50 per month to retire revenue bond for their sewer system.

According to town officials, meters will become compulsory and the estimated total water bill, including sewer payments, for Coyle customers would be about \$8 minimum per month.

Financial advisors estimated Langston residents would be charged about \$5.50 per month minimum under the new system.

State Senator Bob Murphy of Stillwater told town council members from both communities, the new system would remove the threat of periodic flooding of the creek, form a permanent water supply source, increase the economy of the communities and accelerate the growth of Langston University.

Paul Johanning, a financial consultant from Oklahoma City, added "you're getting about \$1 million from the federal government and there's not going to be many more of these (grants and loans)."

Focus On Faculty

Banquet Honors Three Faculty Members

Newsbits

As past president of the Alpha Phi Alpha Fraternity, President William H. Hale, installed national officers of the Fraternity for 1968 at the Fraternity's 61st anniversary convention held in Los Angeles, August 5-10. At a reception in Dr. Hale's honor, Jesse O. House, President-Elect of the Langston University Club of Los Angeles presented Dr. Hale a plaque which states: "The Langston University Club of Los Angeles honors Dr. William H. Hale for dedicated leadership and inspiring service to Langston University 1967."

Mr. Willis D. Warren, Placement Officer, successfully completed the College Placement Services Summer Institute which was held at the General Electric Management Development Institute, Crotonville, New York, from July 2 through July 15, 1967. This intensive two-week session provided its participants with key insights into vocational development theory, sources of occupational information, interviewing techniques, and a practicum in counseling. The Institute was part of the college placement services program, which was made possible by a grant from the Ford Foundation.

Eric Thrower, Assistant Business Manager, was among 320 university and college business officers who attended the 18th Annual College Business Management short course at the University of Omaha.

Mrs. Ann Robinson, Assistant Professor in the Department of English and Modern Languages, taught the Adult Reading courses at Oklahoma State University this summer.

June E. Grove's "letter to the editor", "What Will I Say About America?" won the five dollar weekly prize for the best letter of the week. The letter appeared in the Daily Oklahoman, August 27, 1967, page 16. June is Secretary to the Placement Officer at the University.

Tapes Developed for LRC

Tapes, workbooks, and other teaching materials are being developed for all freshman education courses at Langston University for use in the Learning Resources Center which will be housed in the Library Annex now under construction. The completed workbook and tapes for the Freshman Algebra course which were prepared by Miss Clement were presented as part of the media demonstrations during the Faculty Institute. Other faculty members who participated in the media demonstration were: Mrs. Jean B. Manning, English; Mr. Reuben Manning, Biological Science; Mrs. Ada L. Fisher, Social Science; Dr. Homer Nicholson, Humanities.

The theme of the Faculty Institute was "Creating an Advanced Learning Environment." The faculty is concerned with creating the academic climate which promotes and accelerates the learning process.

(Continued page 4 column 2)

The Faculty Institute Banquet recently held at Langston University honored three faculty members who received degrees since last September: Dr. Steve Latimer, Ph.D. in Chemistry from North Carolina State College, Raleigh, North Carolina; Mrs. L. C. Latimer, Master of Arts degree from North Carolina State University; and Dr. Chelsea Tipton, Doctor of Music Education degree from the University of Oklahoma.

Faculty Changes Announced

New personnel, changes in duties, and leaves for doctoral study are the order of the day at the University. The following thirteen names will be added to the University teaching faculty for the coming year:

NEW PEOPLE. MRS. JO ANN CLARK in the field of English. Mrs. Clark claims East Central State College as her undergraduate school. Her graduate work also was done at East Central. EDWARD A. COOPER, Education, Psychology, and Learning Theory, is a graduate of Atlanta's Morehouse College and of Howard University. Doctoral study has been conducted at Delhousie University and the University of Western Ontario, London, Canada. GEORGE MAX GREEN, JR., Music Education, undergraduate work was received at Southeastern State College and the Master of Music Education degree from The University of Tulsa. THEODIS G. GREEN, Electronics, B.S., Langston University. MRS. SAVANNA J. McKELPIN, Health and Physical Education, B.S., Prairie View College and M.Ed. The University of Oklahoma. MRS. OPHIELIA P. MALONE, Home Economics (Director of the Nursery School) B.S., Texas Technological College, additional study at Oklahoma State University. MRS. ROBERTA NELSON, Mathematics, B.S., Southern University, and M.S., the University of Oklahoma. EARL JENNINGS PERRY, Data Processing, B.S., Langston University. MRS. WILLIE O. PYKE, Business Administration, B.S., A. and T. College and M.A., Columbia University. MRS. BLONNIE P. TIPTON, Music, B.S., Virginia State College and M.Mus., the University of Oklahoma. HAI-NAN TUNG, Biology, B.S. THE National Taiwan University, M.S., Emory University and further study at The University of Oklahoma. MRS. HELEN L. WINSTON to the staff of the Office of the President of the University. Mrs. Winston has served for the past ten years as Secretary in the Office of the District Attorney in Oklahoma City. DR. WILLIAM M. YOUNG, Social Science, "Professor of the City" in the Tulsa Demonstration Project. Dr. Young received the B.S., M.S. and Ed.D. from Temple University, Philadelphia, Pennsylvania.

CHANGES IN DUTIES. Mr. F. M. Watson of the Division of Education assumes new duties as coordinator of the programs of counseling, guidance, and testing. Mr. Watson studied during the summer at the University of Oklahoma in preparation for his new responsibilities. Mr. E.L. Strong, formerly an instructor of electronics, will be coordinator of the campus-wide audio-visual program and supervisor of the Auditorium. Mr. Inman A. Breaux was relieved of his duties as Dean of Student Affairs to give full-time to student financial aid and teaching. Mrs. M.C. Allen, who retired after 41 years of service as Professor and Chairman of the Department of Business Administration to give full-time to directing the Upward Bound Program. Dr. Loretta G. Hale, Professor of Business Administration, to serve as Acting Chairman of the Department of Business Administration.

Mrs. Beverly Barnes, part-time instructor in the Department of Business Administration, becomes a full-time member of the Department. Mr. E.L. Holloway,

(Continued page 4 column 1)

Faculty Changes

(Continued from page 3)

who is Registrar, also assumes the position as Dean of Student Affairs. Mr. Keith Slothower becomes a full-time member of the Department of English in the area of drama. Mr. John Lee Smith becomes full-time in the Department of Music. Miss Z. Delores Reed becomes full-time in the Department of Social Science and Research. Mrs. Rebecca Baughman and Mr. James M. Thompson also become full-time in the Department of Social Science.

RETURNING FROM LEAVES. Dr. Evelyn Strong returns to her duties in the Division of Education after a one year leave working with the Guthrie Job Corp Center. Mrs. Annie L. Coleman, Mr. Bernard Crowell, Mrs. Neva J. Flasch, and Mr. James Simpson all return after studying at Oklahoma State University. Mrs. Victoria Dubriel, after two years, and Mr. Ernest L. Holloway, after one year of study at Oklahoma University and Mr. Chelsea Tipton who received the Doctor of Music Education degree from the University of Oklahoma.

ON STUDY LEAVE 1967-1968. Mrs. E.E. Breaux, Chairman of the Department of English and Modern Languages at Oklahoma State University; Mrs. J.B. Manning also of the English Faculty will study at North Texas State University and Mr. Reuben Manning, biology, North Texas State University. Mr. Richmond Kinnard, Chairman of the Department of Applied Sciences, to study at Oklahoma State University and Mrs. Zella B. Patterson, Chairman of the Department of Home Economics, will also study at Oklahoma State University. Mrs. A.C. Parker, Associate Professor in the Department of Business Administration, will study at Texas Technical College, Lubbock.

CHANGES IN THE AREA OF BUSINESS AFFAIRS. Theron Winston, Director of the Student Union, who joins the family after fourteen years managing the Officers Club at Tinker Air Base.

Elmer Hogg, former Guthrie City Police Officer, joins the Security Officer Force; H.L. Bryant the janitorial staff; Mrs. E.J. Bays, Mrs. Almeda Crumblin and Mrs. Ella P. Dewberry the Business Office Staff.

CHANGES IN STUDENT AFFAIRS

In the area of Student Personnel, Mrs. L.M. Wallace, Assistant Dean of Women, and Mr. Rayfield Smiley, Dormitory Director University Men Complex.

Advisement and Orientation Clinic Held

The second Advisement and Orientation Clinic for first-time entering Freshmen was held September 6-10.

The Clinic, conducted by Mr. E. L. Holloway, Registrar and Dean of Student Affairs and Mr. Advergus James, Assistant Registrar, was designed to provide new students an opportunity to meet the administrative officers of the University, faculty, advisors, and dormitory personnel. Guided tours of the campus and buildings were made and a battery of tests were administered to students who had not had entrance requirement tests. Recreational activities for freshmen included movies, Bar-B-Que and Social; Freshman Mixer, and President and Mrs. William H. Hale's annual Freshman Reception.

Miss Ella Lee Clement, Associate Professor in Mathematics, prepares for tape demonstration during the Langston University Faculty Institute.

Tapes

(Continued from page 3)

Use of the dial access programmed instruction to supplement instruction in small groups will deliberately involve the learner in more action and response during the learning process. The Learning Resources Center will have study carrels and a dial access information retrieval system. This will permit students to use instruction tapes in the general education courses: Mathematics, Biological Science, Physical Science, Basic Communication, Social Science and Humanities.

Funds from a grant under Title III of the Higher Education Act of 1965 helped provide released time for faculty members to produce the tapes and materials.

A Faculty-Tutor Orientation was held Saturday September 16, at the University for Upward Bound Personnel. The purpose of the Orientation was to acquaint faculty and tutors, who will be working with Upward Bound high school students in the follow-up program, with their responsibilities.

Dr. Norman Wilson of Oklahoma State University was principal consultant for the Orientation. Dr. Wilson spoke to the group on the subjects "Recognizing the Problem" and "An Approach to the Problem" and also gave conclusions and recommendations.

Study groups were held in the areas of mathematics, social science and English during the afternoon session.

Upward Bound Holds Orientation

Mrs. M.C. Allen, Director of the Upward Bound Project, gave the purpose of the Follow-up Program and guidelines for college teachers, tutors, and high school liaison teachers who would be working with Upward Bound students this fall.

Langston's Upward Bound Program, which prepares high school youth for college work, is funded with \$151,271 in Office of Opportunity Aid. The grant is effective to June 30, 1968, and covered training for 134 students in the summer phase and 100 students during the academic year--1967-68.

Formal Opening Convocation Observed

Formal Opening Convocation for the 1967-68 fall term took place Wednesday morning, September 20.

Speaker for the occasion was Dr. David H. Morgan, Director of College Relations for the Dow Chemical Company, Midland, Michigan.

Dr. Morgan received the A.B. degree in mathematics from Occidental College, Los Angeles and the M.A. and Ph.D. degrees from the University of California. He holds, also, an honorary degree, LL.D., from Central Michigan University.

Dr. Morgan's professional experience includes: Research Assistant, Institute of Child Welfare--University of California; Teacher; Vice principal, and Assistant, Superintendent--California School for the Blind; Head of the Department of Psychology and Education, Dean of the Graduate School and College--Colorado State University; Dean of the College--Texas A. & M. University; and President--Texas A. & M. University.

Dr. Morgan's publications, writings and reproduced speeches have been published in numerous educational journals and periodicals. Last year, Dr. Morgan chaired the College-University Placement Team which reviewed Langston's Placement Services.

Dr. Morgan's thought provoking subject was "WHAT ARE YOU?" In his address, he pointed out that "you are what you think you are and what you are depends to a great extent on how you visualize yourself. He told the students "to develop themselves according to their capabilities, establish goals, and at the end of the year evaluate their accomplishments."

(Continued page 6 column 3)

President Speaks to Petroleum Personnel

President William H. Hale outlined the University's growth plans before a group of Phillips Petroleum personnel in Bartlesville, Wednesday, August 16.

"No matter what his financial position, no worthy student shall be denied the opportunity to seek an education at Langston University. Langston is for the student who seriously wants to attend college. It was never thought of as a school for the wealthy," Dr. Hale told the group.

To implement the University's philosophy, Dr. Hale, who has been president of Langston for seven years, helped establish the Langston University Development Foundation in 1961. The Foundation's fund provides for scholarships, student loans, and for developing and increasing the facilities of the University.

"We want to make Langston an excellent undergraduate institution. The Foundation fund helps us to help ourselves, Dr. Hale informed the group.

Workshop Held for Personnel Staff

"Improving Student Personnel Services Through Student Staff Involvement" was the theme for the 1967 Student Personnel Staff Workshop held August 21-25. Topics for discussion included: "The Role of the Security Officers in the Personnel Program", "Residence Halls Programs and Activities", "The Role of the Health Service Center", "Counseling Services for the Individual Student", "The Residence Hall Director's Role in the Counseling Process", "Group and Individual Behavior", "How the Residence Halls Personnel Can Support and Enhance the Academic Program" and "The Importance of Keeping Records".

Guest for the Friday sessions was Dr. Dorothy Truex, Dean of Women, The University of Oklahoma, who addressed the group on the subject "Programs for Residence Halls and the Responsibility of the Personnel Staff."

E. L. Holloway, Dean of Student Affairs, was coordinator of the workshop.

LU Adds Data

Processing Equipment

A new computer system has been installed at Langston University which will provide computer training for Langston students. Beginning this fall term, a two-year Technical Course in Data Processing will be made available.

Although the system will be used primarily for teaching purposes, President Hale said that considerable use will be made of it in providing services to the University's administrative offices. Mr. Earl J. Perry is Director of the Data Processing Program which is being financed, in part, through Title III of the Higher Education Act of 1965.

The program is designed to widen the career opportunities for students in the fields of business and technology.

Through a grant from the State Technical Services Program, evening courses in data processing will be available to small business personnel in the Coyle, Guthrie, and Oklahoma City

(Continued page 6 column 2)

Dr. D. J. Guzzetta, Senior Vice President and Provost, University of Akron, served as special consultant for the 1967 Faculty Institute. Dr. Guzzetta, who served as Chairman of the North Central Association visitation team, was retained by the University during the 1965-66 and 1966-67 school terms as consultant on overall institutional organization and administration.

How-to-Study Clinic Sponsored

The How-to-Study Clinic, an annual event sponsored by the Alpha Kappa Alpha Sorority, Inc. was held Tuesday, September 12, with a record-breaking number of freshmen in attendance.

The Clinic which is held during Freshman Advisement and Orientation Clinic, is designed to acquaint freshman students with the kinds of good study habits which will aid them in becoming successful college students.

This year's theme was "Effective Study: The Key to Becoming a Successful Student."

Miss Juanita Goff, Research Assistant in the Office of Development, was the keynote speaker. The purpose of the clinic was given by Mrs. Glenda Warren, Instructor in the Department of Home Economics.

Consultants were: Dr. Walter L. Jones, Mrs. Joy Flasch, Mr. G. H. Hendricks, and Mr. W. L. Brown.

Mrs. Zella B. Patterson is president of the graduate chapter and Miss Portia White serves as undergraduate president.

Alumni Corner

What Alumni Are Doing

Norma Hammons, class of '67, was recently awarded a graduate assistantship at Atlanta University, Atlanta, Georgia.

The amount of the assistantship is \$2,000 for one year of study toward a Master's degree in sociology. During the first year, September 1967-68, Norma will enroll in twelve hours per semester. Her second year will be spent in one of the larger northern cities at which time she will be engaged in studying a poverty-stricken area.

Norma, a native of Beggs, Oklahoma, was a honor student at Langston and a member of the Alpha Kappa Alpha Sorority.

Mr. Emanuel Johnson, Class of '58, visited the campus Thursday, September 8, and expressed gratification and pride in the physical growth and development of the University. Following a tour of the campus, Mr. Johnson talked with the Public Relations Officers concerning his activities since receiving his B.S. degree from Langston.

Johnson earned the M.S. degree from Roosevelt University in Chicago in 1959 and returned immediately to his native country, Liberia. Shortly after his arrival in Monrovia, he was appointed Principal of B.W. Harris High School and Government Junior and Senior High School.

He is President of the Principals Association in Monrovia and a member of the Executive Board of the national Teachers Association of Liberia. The Liberian Government honored him by sending him to represent Liberia at a meeting of UNESCO in 1961 which convened to discuss "Development of Education in Africa."

Johnson was in the States to attend the Boy Scouts Jamboree in Idaho, the World Conference of Boy Scout Leaders and the Episcopal Church Convention in Seattle, Washington.

Tommie Jones, '67, is employed at St. Louis Air Force Base in the Aeronautical Chart and Information Center. She is also engaged in a six months training period, after which time she will be a Cartographer.

Miss Ola Lee Patmon, '60, has become the first Negro woman to be employed by the Oklahoma City Office of Internal Revenue Service to work in one of its field offices. Miss Patmon began work in Tulsa as a Tax Technician on August 28 after completing a seven week course at the University of Houston.

Miss Patmon graduated from Douglass High School, Lawton, in 1956 as valedictorian of her class. Following graduation from Langston, she taught at Xavier University, New Orleans, Louisiana, while completing a year of graduate study in mathematics.

Miss Patmon is a member of Kappa Delta Pi Honorary Society and Alpha Kappa Alpha Sorority.

Miss Patmon began her federal career as a cartographer at the Aeronautical Chart and Information Center, St. Louis, Missouri. She was also employed at the National Flight Inspection Division, FAA Center at Oklahoma City and Finance and Accounting Office, Ft. Sill, before coming to the IRS.

Theodore R. McDonald, '58, is employed as contract auditor by the Defense Contract Audit Agency, Cape Kennedy Branch Office, Cocoa Beach, Florida.

Mr. A.H. Fuhr who has had more years in the Agriculture Department in Washington, D. C., a former County Agent, a Civic leader, a realtor, and a top NAACP representative will be numbered among the two males who will be "sworn in" as one of Muskogee's illustrious "MEN OF THE YEAR" during the annual Christmas Coffee. Mr. Fuhr received a unanimous vote from the Selection Board of the nationally reputed Muskogee Service League.

Langstonites in Service

Second Lieutenant Robert L. Phillips has been awarded U.S. Air Force silver pilot wings upon graduation at Vance Air Force Base, Enid, Oklahoma. Phillips is a graduate of Douglas High School, Wewoka and earned his B.S. degree in mathematics in 1962 from Langston University.

Lieutenant Phillips is being assigned to Castle Air Force Base, California, for specialized aircrew training in the KC-135

stratotanker. The Lieutenant received his commission in 1966 upon completion of Officer Training School at Lackland Air Force Base, Texas.

Phillips is the son of Mrs. Pearl M. Phillips who resides in Oklahoma City.

New Equipment Enhances Mailing Services

Pictured above is Miss Colleen Nixon, one of the student secretaries, typing on the graphotype which will provide faster service in handling mailing. Names and addresses are being placed on permanent metal plates.

PLEASE let us know immediately of a change of address. Include the old address from this issue and enclose it with

the new address. We will make sure that your copies of the "Gazette" and "News From The Hill" reach you promptly if you

let us know two weeks in advance. Write to Mr. Clifford D. Wallace, Alumni Relations Officer, Langston University, Langston, Oklahoma 73050.

We are sure that all loyal Langstonites would appreciate having a new Langston University Alumni Membership Card. We are accepting dues for 1967-68. REMEMBER, October 1, 1967, national dues will be \$5.00.

In Memoriam

Mr. Samuel Levi Sadler, composer of Langston University's Alma Mater—"Dear Langston"—died August 26, 1967, in Muskogee, Oklahoma.

Mr. Sadler, a native of Oklahoma, received the B.S. degree the spring of 1910 and holds the M.A. degree from the College of Arts and Letters, the State University of Iowa. He was a Professor of English at Langston for ten years. His teaching career at Manual Training High School, Muskogee, began the fall of 1921. In July 1925, he was elected principal, a position he held until 1945. He retired following a number of years as principal at the Wheatley High School, Boynton, Oklahoma.

The Sadler Junior High School, Muskogee, was named in honor of this distinguished educator who has influenced the lives of young people during his long career in the field of education.

Airman Third Class Fred N. Factory has been graduated from the U.S. Air Force Technical Training School at Amarillo Air Force Base, Texas.

Airman Factory completed the administrative specialist course conducted by the Air Training Command which provides technical and specialized education programs for the nation's aerospace force and is being reassigned to Cannon Air Force Base, New Mexico, as a member of the Tactical Air Command.

The Airman graduated from Watonga High School, Watonga, Oklahoma and received the B.S. degree in Elementary Education from Langston University in 1964. He is a member of Kappa Alpha Psi Fraternity.

Fred's parents, Mr. and Mrs. Fred D. Factory, are residents of Oklahoma City.

Charlene, Factory's wife, is also a graduate of Langston University. She received the B.S. degree in Business Education May 1966. She is the daughter of Mr. and Mrs. Warren Fisher of Oklahoma City. Charlene's mother is an assistant professor in the Department of Social Science at the University.

Fred and Charlene recently became the parents of a son.

"We have gone too far along the road that has no turning for the principle of discrimination to be practiced on us to our destruction I am so glad that God makes available to man a grace . . . as it is this grace that enables us to use the resources of mind, heart, experience and courage to turn any such happenings into a way of freedom for our own souls."

Howard Thurman

OCTOBER 21, 1967

Seek College Grads for Foreign Affairs Jobs

The U.S. Department of State has launched a special recruiting program to find minority group college graduates who wish to pursue a career in public service abroad.

As described by Eddie N. Williams, Director of State's EEO Program, the recruiting drive is aimed at candidates with Bachelor's, Master's, Ph. D., or Law Degrees with a special interest in diplomacy and foreign affairs. "We're looking for the young, dynamic, intelligent individual who wants to serve his country abroad as well as at home," Williams said. Academic areas of special interest to the State Department include history, political science, economics, international relations, administration, languages, law, and science.

"Many qualified minority candidates tend to shy away from a career in foreign affairs because of the mistaken idea that their applications are not wanted or because of their concern over meeting the entrance requirements," Mr. Williams observed. This is one of the greatest obstacles the Department must overcome in its efforts to attract and employ minority candidates.

All candidates should be prepared to work in Washington as well as at any of the 280 overseas posts in a wide variety of jobs in the political, economic, administrative, and consular fields, depending on their interests, qualifications, and the needs of the Service. Special training will be provided.

Salaries will range from \$6,451 to \$8,979 per annum, depending on academic background, work experience, and age of the candidate. At overseas posts salaries will be supplemented by housing and other Foreign Service allowances.

Applications (completed Form 57) should be sent to Mr. Williams in Room 7332 Department of State, Washington, D.C., 20520. Additional information about this special program will be provided each applicant.

TIME

The longest word in the language?

By letter count, the longest word may be *pneumonoultramicroscopicsilicovolcanoconiosis*, a rare lung disease. You won't find it in Webster's New World Dictionary, College Edition. But you will find more useful information about words than in any other desk dictionary.

Take the word *time*. In addition to its derivation and an illustration showing U.S. time zones, you'll find 48 clear definitions of the different meanings of *time* and 27 idiomatic uses, such as *time of one's life*. In sum, everything you want to know about *time*.

This dictionary is approved and used by more than 1000 colleges and universities. Isn't it time you owned one? Only \$5.95 for 1760 pages; \$6.95 thumb-indexed.

Evening Program

"Langston University has the responsibility of making whatever contribution it can to its local community" declared the Dean of Academic Affairs, Dr. William E. Sims, in speaking of the expanded program of evening classes. "We know that there are a number of people eligible for college admission who are interested in beginning or continuing their college education. Because of employment or other preventing factors they find it difficult, if not impossible, to attend classes during the day. Our program of evening classes, which was begun a year ago, is designed to meet the needs of such persons. The courses are taught by the regular members of our faculty who are glad to extend their day in order to provide this service."

The schedule of evening classes includes a three semester hour course in effective speech making at 6 p.m. on Mondays, Tuesdays, and Thursdays. A five semester hour basic communications course will be offered at 6 p.m. Mondays, Tuesdays and Thursdays. Introduction to business data processing, a two semester hour course, will be offered on Tuesdays and Thursdays at 6:30 p.m. Play production, a three semester hour course, will be offered at 7 p.m. Mondays, Tuesdays and Thursdays. A five semester hour college mathematics class will meet at 7 p.m. Mondays Tuesdays and Thursdays.

Other courses that will be offered, if the demand is great enough, are: American history, American government, and French.

Formal Opening

(Continued from page 4)

Through Dr. Morgan's personal concern the Dow Chemical Company has become a "partner" in the progress of the University. Dow's interest is expressed tangibly through its continuous contribution to the Langston University Development Foundation and contribution of academic material, equipment, medical supplies, etc.

Dr. Morgan has been a continuing source of help not only through personal contribution but also through his efforts in behalf of strengthening the University's program of placement.

Dr. David H. Morgan

Homecoming (Continued from page 1)

Wednesday morning, the Student Government Association will sponsor a Special Assembly and a nationally known entertaining group will be presented in concert at 8 p.m. The name of the group has not been confirmed.

The Annual Coronation of "Miss Langston" will take place October 19. This year's "Miss Langston" is the sweet and lovely Miss Peggy Latimer, a senior sociology major from Tulsa.

The Langston University Alumni Association's annual meeting will be held Friday evening at 8 o'clock in the Library. Saturday

morning, between the hours of eight and eleven o'clock, the Langston University Parents and Friends Organization will serve coffee to Homecoming guests in the Faculty Lounge of the William H. Hale Student Union.

The Annual Parade, in which campus organizations vie for prize-winning floats, will start at 10:30 a.m. Trophies will be awarded to the organization whose float best depicts the Homecoming Theme.

A kick-off time at 2 p.m., spectators will see the Langston University Lions pitted against Northeastern State College of Tahlequah. Langston defeated the Northeastern "Redmen" last season 23-0.

Activities listed above do not include all the plans the Homecoming Committee has in store for you. Additional activities will be announced in the October "Gazette."

Because of our increased enrollment, we regret that we will not be able to house any of our Homecoming guest on campus again this year. However, you may obtain accommodations at the following motels and hotels in Guthrie:

Town House Motel, Oklahoma at Broad, Phone: BU 2-2000. Single rooms, one bed, \$6.00 for one person, \$8.00 for two. Two double beds, \$10.00 for two, \$11.00 for three and \$12.00 for four persons.

Arrow Motel Intersection I-35 & S. H. 33, Route 6, Box 16, Phone: BU 2-3663, One double bed, \$5.00 for one person and \$7.00 for two persons. A room with two double beds for two persons is \$9.00 and for three or four persons, it is \$10.00.

Ione Hotel, 201 East Oklahoma Phone: BU 2-3355, No rates available.

A COMPUTING ACCOUNTING MACHINE at Langston University is checked by Taulease Randles, Assistant Director of Data Processing Harold Robinson and Ava Bell. The university, beginning with the fall term, is offering a two-year technical course in Data Processing. (Daily Leader Photo)

Data Processing

(Continued from page 4)

areas. During the first semester, Introduction to Business Data Processing will be offered. Beginning dates for evening classes will be announced soon. This service will be an extension of the Technical Service Program

sponsored by the Business Administration Department last year through seminars for business owners on record keeping and tax information. It is in line with the University's philosophy of extending the services of the Institution in providing continuing education for residents of nearby communities.

LANGSTON UNIVERSITY

DEVELOPMENT FOUNDATION

FIRST SLOAN MATCHING FUND GRANT COMPLETED

Contributions to the Langston University Development Foundation during the fiscal year which ended June 30, 1967, enabled Langston University to complete the \$33,333 Sloan Foundation Matching Fund Grant. The grant was announced on December 1, 1965 and during the 19 month period, contributions to the Foundation totaled \$48,624.50. Of this amount the faculty, staff, students and alumni contributed \$27,818.48. For the year just ended, a total of \$24,942.48 was received from:

Faculty and Staff	\$7,261.59
Students	1,471.48
Alumni	5,862.05
Others	10,347.36
	<u>\$24,942.48</u>

The number of donors have increased each year.

WHO GAVE TO THE FOUNDATION

	Individuals	Organizations	Total Donors
Faculty (Including Alumni)	133	1	134
Retired Faculty, Alumni	4	1	4
Students	129	14	143
Alumni (other than Faculty)	88	14	102
Total LU Family	<u>354</u>	<u>29</u>	<u>383</u>
Other donors (In State)	44	40	84
Other donors (Out of State)	5	5	10
	<u>403</u>	<u>74</u>	<u>477</u>

Among the things made possible by the Contributions this year are the following:

\$13,372.89 to secure National Defense (long-term) Loan Funds to help more than 500 worthy students.

\$15,658.76 scholarships awarded to 36 valedictorians, 36 special awards and 22 LU "A" students.

\$5,331.71 for special education projects, educational travel for faculty and students, student organizations and activities, special awards, initiating plans for a documentary film, etcetera.

Membership fee in the Cooperative College Development Program.

Funds received and disbursed for the past fiscal year and for the seven year existence of the Foundation are shown below:

LANGSTON — Central State and Langston passed and passed and ran and scored before an overflow crowd of 7,345 Saturday night for 60 minutes and ended up just like they started — deadlocked.

The Bronchos broke a 7-7 stalemate with a touchdown with 57 seconds remaining in the third quarter on their fourth play of the final period, they struck again for a 20-7 advantage.

Langston roared right back with two scores in less than five minutes for the final count.

Eugene Swint missed a field goal try from the 20-yard line with 5:30 remaining in the game, and Langston's defensive line, anchored by 240-pounder Billy Mosley and 215-pound Okla-

homa City freshman June Spivey, held Central on the Lions' 15 with less than a minute to go.

Jon Kierns put the first touchdown on the scoreboard for Central with a 13 yard run in the first period to cap a seven-play, 80-yard drive. Kierns added the extra point.

Sophomore Quarterback Connie Sledge's six-yard dive and Swint's placement tied the game just three minutes later.

An intercepted pass set up the Bronchos' next touchdown with quarterback Marvin Esmond rolling out to his

right and, finding his receivers covered, scampering 26 yards with less than a minute remaining in the third period.

Central State's George Miller recovered a Langston fumble on the 20-yard line and Esmond hit Robert Griggs on a 7-yard touchdown strike.

The Lions got right back into the ball game with Sledge hooking up with Eugene Howard for a 69-yard touchdown. Freshman Eugene Atkins set up the tying touchdown with an interception and Odell Lawson barreled across from one yard out.

Esmond connected on 20 of 34 passes for 215 yards while Sledge hit on 15 of 27 for 210 yards. Howard was the top yard getter, gathering in eight passes for 140 yards and Oklahoma City freshman Nathaniel Fowler grabbed six for 77 yards for Langston.

For Central, Kierns caught eight for 63 yards and Daryl Sadler had five for 49. On the ground, El Reno freshman Dale Holland gained 99 yards in 20 carries while Central's defenders, led by Doyle McGraw, held Langston to 54 infantry yards.

CENTRAL 26, LANGSTON 26
Central State 7 0 7 6-20
Langston 7 0 7 13-20
CS—Kierns 13 run (Kierns kick)
